TO: All Concerned Stakeholders

Subject: Draft Department Circulars regarding the Philippine Transport Vehicle Fuel Economy Labeling Program (VFELP) and Fuel Economy Performance Rating (FEPR)

Dear Sir/Madam:

Warmest Greetings from the Energy Family.

This refers to the proposed Draft Department Circulars (DC) regarding the Philippine Transport Vehicle Fuel Economy Labeling Program (VFELP) and Fuel Economy Performance Rating (FEPR).

Pursuant to Section 17 of the Energy Efficiency (EEC) Act, the DOE, as the leading agency in the implementation of the Act, has drafted the abovementioned DCs to ensure fuel efficiency for transport. The proposed draft DCs will provide the mandatory implementation of fuel economy performance labeling requirements for transport vehicles which shall apply to all vehicle manufacturers, assemblers, importers, distributors, dealers, and/or rebuilders (MAIDDRs).

In this regard, may we invite all interested parties to comment on the said draft DCs. We have attached the proposed draft DCs and comment template matrix for you to input your suggestions/comments and proposed revisions on the requirements of the proposed DCs. We look forward to receiving your comments not later than **16 December 2022** through doe.afetd@gmail.com.

Thank you.

Very truly yours,

PATRICK T. AQUINO, CESO III
Director IV
